## **Artech Receives Volt Consulting Group Supplier Excellence Award**

### ***Selected as a Top Staffing Supplier in Multiple Categories***

**May 22, 2012** – **Artech Information Systems LLC** received the 2011 Supplier Excellence Award from Volt Consulting Group (VCG). The distinction recognizes Artech for achieving top performance against VCG's standards for customer satisfaction and operational excellence in a Managed Service Program (MSP).

Supplier Excellence Award winners were selected from several thousand qualified staffing suppliers representing a wide array of labor categories. As part of VCG's contingent workforce MSP, these organizations contract with VCG's Fortune 1000 clients to provide skilled temporary labor across many geographic locations. To identify these top performing suppliers, VCG's Business Intelligence experts, Supplier Management Group and Client Program Teams collaborated to delineate the highest scoring companies in four separate categories, including **IT, Engineering, Management, Professional, Finance, Pharmaceutical, Scientific and Laboratory**. Winners were chosen for high performance in customer satisfaction, rate competitiveness, quality delivery and compliance.

"We are very pleased to recognize Artech as one of our top suppliers," said Larry D. Kaylor, President of Volt Consulting Group. "Artech brings tremendous value to our efforts to help customers achieve continuous improvement in their contingent labor programs. We are happy to recognize Artech's outstanding efforts."
